Summit Highlights

Special Thanks

Be sure to check out the highlights and information below from this year's Summit! New and exciting educational opportunities coming soon and we look forward to welcoming everyone back to Austin in 2023. Dates will be announced soon.

From The Attendees

"This is THE meeting to attend to learn about skin care and how it relates to our practices. It's relevant for all dermatologists, whether new to practice or seasoned." - Vivian Bucay

"Skincare has always taken a back seat to prescription products and device treatments. At the same time, providers are constantly searching for those non-prescription products that can be either first line care or adjunct care. The excitement at SSS was palpable and experiencing an unmet need being met was exhilarating!" - Cheryl Barry
