# SSS SCIENCE OF SKINCARE SUMMIT

February 2023

In this Edition:

[On- Demand Education](#)

[New! Skincare Podcast](#)

[Summit 2023](#)

[Tips](#)

Welcome back to the Science of Skincare Summit newsletter! We'll have the same great tips, tricks and expertise along with news about this year's Summit, the new podcast and our on-demand content!

## What's New!

### On-Demand Education

The Science of Skincare Summit is pleased to bring you the 2022 Summit Education, On-Demand! Check out the Business of Skincare, Ingredients, Formulations, Nutraceuticals and more! We would like to thank the 2022 Diamond Sponsor, The Active Cosmetics Division of L'Oréal, for sponsoring this virtual content. Content is available now!

[Click here](#) for more information!

## New Podcast!

Hosted by the Science of Skincare Summit co-founders Drs. Patti Farris and Ted Lain, Skincare Confidential is a new podcast for those who want to be in-the know about what's what, what's trending, and what's next in topical skincare.

\*CME credits pending

## Skincare Tips

### Hyaluronic Acid!

- Not all topical hyaluronic acid (HA) products are created equally. Some penetrate the skin better than others
- Injectable HA will always yield better results than topical HA when it comes to addressing volume loss. There's not such thing as "topical" fillers.
- HA is a naturally occurring water-retaining molecule found in our skin that is responsible for hydration and suppleness.
